

## Women's Contribution To Business And Safe Society

Through their exceptional efforts and extraordinary work, women had always been inspiring many lives. They have motivated the other women to think out of the box and believe in their inner strength. Kim Sheree is such a personality who is well known for her contribution to business world and the society. Besides being a prestigious and successful business professional from Brisbane (Australia), she is a martial arts trainer in Australian martial Arts Academy. For her diverse and outstanding achievements, she has been recipient of various awards.

She has worked with businesses of all sizes and performed great works to help develop them, through the execution and creation of complex marketing strategies. As CEO of e-Net, her contribution in the expansion and growth of Queensland's ICT industry cluster is remarkable. Her work area is not just confined to business activities, but it also includes conducting social work and safety programs. Through her motivational speeches, she positively influences the community groups and conducts life skill and personal safety programs for thousands of women and families, who willingly take part on these. She had also been board advisory member for large enterprises. In 2010, [Kim Sheree](#) was recognized on the Strathmore and Stanford list of who's who, due to her outstanding efforts in the community. She was also awarded as role model for Asia Pacific Centre for Women and Technology for her incredible work. Whether it is media, retail or technology, she has used her expertise to enhance the growth of the related industry. Her entrepreneurial spirit has inspired other women in the business world to take the risks with their business ideas

This leading professional has enriched skill set along with years of experience in custom engagement, marketing campaigns, ownership, social media and technology. Kim Sheree has global partnership with various businesses and enterprises from Australia to New Zealand, UK, U.S.A. and Singapore. She also devotes her time in tackling the challenges related to student's wellbeing through Kids Helpline, which is a fantastic safe family program. One of her prime concerns is the advancement of women. She has been a part of various events and industry programs which include Women in Technology, United Nation's Women group and Asia Pacific Women in Technology. She trains people for self defense techniques and advises them to be alert, which is the best technique to remain safe from attack. She suggests that self

defense techniques must be used only for inevitable attacks. She has founded Urban Survival program for women's safety and delivers speeches for them, so that they can remain alert and stay safe.
